

CROSSWALK LINING was being done by Antioch village officials on Main street when the photographer happened to go by late last week. This is near the Williams Hardware store looking across the street. Crosswalks at all downtown intersections were lined to help pedestrians safely cross Lake and Main streets. An editorial in The Antioch News last week called attention of motorists and pedestrians to the fact that such marked areas are the safest places in which to cross streets. (Antioch News photo)

New Planning Commission Studies Layout of Village

A large map showing the village of Antioch and an area about a mile on each side of the community was put on view before the first meeting of the village planning commission Tuesday at the village hall.

Shown by representatives of the planning consultants firm of Evert Kincaid and Associates, Chicago, the map showed results of a study made by the firm over the past several months.

Outlined on the map were—lot by lot—single family dwellings, two family dwellings, multiple family dwellings, business (stores, banks, etc.) public, quasi-public and manufacturing areas.

Commission members then went over the map with Kenneth Fritz and Donald Shafer of the consultants firm to bring it up to date.

Some dwellings, for instance, that the company had thought were single dwellings actually were double or multiple dwellings. Other places where small businesses are conducted appeared to the firm to be homes.

A village zoning ordinance to be drawn up at a later date will be based to a large extent on the recommendations of this firm of consultants.

Public and quasi-public areas as defined by the Kincaid company are such things as schools, village hall, fire station, library, Little League diamond, Aqua center, park and the like.

The company urged the planning commission appointed only recently

by Mayor Murrill Cunningham to push distribution of a shopping center survey sheet.

Shafer told the planners that only about 10 per cent of the 300 sheets distributed earlier had been returned. He said a minimum of 20 per cent ought to show up to give the firm an indication of area buying habits.

The survey sheet asks such questions as where the person or family lives (in or outside Antioch), whether groceries, staples and the like are purchased in or outside Antioch, and similar questions.

One of the last questions on the sheet is what kind of retail places the person would like added to the present list of such establishments.

The planning commission expects to meet often for some months.

Chicago Woman Killed In Mishap Near Here

The Antioch area recorded its fourth accidental death from motor vehicle mishaps in less than a month—three of them near the Illinois-Wisconsin state line.

A volunteer Girl Scout leader from Chicago, Miss Winifred Hertzler, 35, died of injuries suffered in an accident on Wisconsin state highway 83 and Rock Lake road just north of Antioch Sunday afternoon.

She was driving a group of scouts back to Chicago when her car and one being driven by Miss Merry C. Mortensen, 18, of Antioch collided about 2:30 Sunday afternoon.

Miss Hertzler died at Victory Memorial hospital, Waukegan.

Six others were hurt, including Miss Mortensen, who suffered cuts on her face and legs, and head and neck injuries. Her passenger, Robert Anderson, 18, of Bristol, Wis., suffered a fractured leg, cuts on the face and a possible skull fracture.

Chicago and vicinity Girl Scouts injured included Joyce Cutler, 13; Ruth Sheldon, 16; Donna Sherman, 13; Linda Sue Sanford, 17. They were passengers in the Hertzler car.

Antioch Rescue Squad ambulances and crews responded to a call for aid.

Township Demos Elect Officers

The newly organized Regular Democratic club of Antioch Township signed up 41 members at its first meeting.

Elected as officers were Edward Drisch, president, John Matejka, vice president; Lillian Cooney, secretary-treasurer.

Purpose of the club, Drisch explained, is to seek out and encourage capable, public spirited men and women to run for office at the local, state and national levels.

Plans are under way for a Democratic "get-together" dance to be held Saturday, October 29, at Turner's Castle, routes 45 and 173.

Tickets may be secured from the club secretary or purchased at the door.

The next regular meeting which will be open to the public, will be held at Turner's castle, at 8 p.m. Thursday, Nov. 3.

It will be devoted to a pre-election review of local, state and national issues and candidates.

School Land Auction Set

An auction sale of land held by the Antioch Township high school district and located east of the Soo Line tracks will be conducted at 9:30 a. m. Saturday, October 15, on the site.

Conditions under which a sale will be made include that it must be used for industrial purposes only and that it would revert back to the school district if the acreage is not improved with an industrial building at least 150,000 square feet in floor area.

Another provision is that this building "shall be substantially completed within one year from date of said deed and shall be ready for occupancy within one and one-half years. . . ."

The area measures roughly 960 feet by 150 feet or 3.42 acres.

Sale will be made to the highest bidder providing that no bid will be considered for less than \$8,000.

Rumors current around Antioch for some time say that an industry will be bidding for the land so it can construct a building here.

It was not announced the name of the firm planning to build.

Salem Post Office Bids Due by Oct. 17

SALEM, Wis.—Bids on the construction and leasing of a new post office at Salem are due on or before Monday, October 17, postmaster Charles H. Peterson reminded would-be bidders this week.

They should be submitted to the real estate officer, F. E. Knopp, 512 Nicolet avenue, Minneapolis 2, Minn.

Major Project May Be Voted On This Fall

Bids on \$550,000 worth of bonds to finance improvements to the Antioch sewerage system will be opened at a special meeting of the Antioch village board Friday evening in the village hall.

General obligation, revenue and special assessment bonds are being sought to pay for an enlarged sewerage disposal plant, sewer and water mains, and a sewage pumping station.

One of the major projects that would come under the bond issue would be sewers in the Oakwood Knolls subdivision which now has only a septic system for each home.

Cost of the disposal plant expansion has been estimated at \$185,000. The state has warned the village that this alone must be done before any more sewer connections can be approved by the state.

Financing the Oakwood Knolls project would be through the special assessment bond issue with people living in the subdivision paying the costs.

A lift station will be necessary in a low part of the village to pump sewage toward the disposal plant. This would be located near the Soo Line tracks.

Plans outlined by village engineer David Miller at the September meeting of the village board called also for a 10-inch water main on Anita avenue; a sewer from Anita avenue to the plant and another sewer line from the Oakwood Knolls area to the sewage plant.

The proposed water main would supply Oakwood Knolls subdivision, the North avenue area and the Anita avenue industrial district, with increased volume and pressure.

This week mention was made that sewage mains almost might be laid from Parkway to the disposal plant and from Victoria and Lake to the plant. These are designed to relieve present mains.

Results of the bid opening Friday night will determine what will be put before the voters in an election, perhaps this fall.

The village board has rejected bids on the paving of Park street, considering the cost too high. Plans call for changing the specifications to bring the price within the amount of motor fuel tax monies.

Sprinkler Fire Alarm Sounds

Antioch fire trucks and crews made a "dry run" out to the high school just after midnight yesterday (Wednesday) morning but at least one thing was accomplished by the false alarm.

School and fire department officials know that the sprinkler system alarm connected to the Antioch Answering Service works.

Cause of the school alarm going off was not known, but it was thought an air bubble in the sprinkler system might have done it.

The sprinkler system which extends throughout the high school building is set up so that when even one sprinkler head should go off, an alarm is transmitted to the Answering service which in turn relays it to the fire department.

Two trucks and full crews responded along with some high school employees when the alarm sounded.

A fire alarm horn in the shop section of the building sounded several times, firemen said.

Fire chief Ed Simonsen with some firemen and school employees inspected the building but could find nothing out of order.

Donations to Aid Blind Sought by Lions Club

Small yellow and red colored containers scattered throughout the Antioch business district are receiving donations to the "Be Thankful You Can See Week" sponsored by the Antioch Lions club.

"Give to Help the Blind to Help Themselves," the containers say.

This is a statewide drive by Lions clubs throughout the state of Illinois to help provide funds for leader dogs, the Hadley School for the Blind, and other aids to the visually handicapped.

Chairman for the Antioch Lions club committee in charge of the drive is Dr. Al Bucar.

'ROLL OUT THE BARREL' could have been the song on Broadway in Antioch Sunday afternoon as firemen from that village, Silver Lake, Trevor and Wilmet, Wis., met on the "field of honor" with hose lines instead of more lethal weapons. Here are shown two Antioch teams (for left and right) battling with streams to force the barrel shown at center toward the opposite end (from them) of the fenced in enclosure. The new Silver Lake pumper and a truck from Antioch were used to provide pressure. The sunny warm day contributed to drawing quite a few spectators to the "water show." No scores were kept between the teams of firemen—it was just a friendly get to other. (Antioch News photo)

ATHS Alumni Gather Again —

Parade, Game, Dance For Homecoming

By Karen Lightsey
Antioch High Reporter

This coming week-end will find old friends rejoined once again as the alumni of Antioch high school return to their alma mater for the annual Homecoming celebration.

"Remember when" will be on the tongues of old classmates and friends as they take part in the many Homecoming activities sponsored by the student council and the varsity cheerleaders.

Homecoming for the students began Monday morning when the Freshman class showed its spirit by dressing in the school colors and wearing slogan pins.

The sophomores followed suit Tuesday, the juniors Wednesday and the seniors will on Thursday. This arrangement was sponsored by

the varsity cheerleaders in an effort to boost school spirit for the big game Saturday.

Work has been going on every night this week to get class and club floats ready for the parade Saturday at 10:30 a.m. Cash prizes will be awarded to the winning entries in the parade.

Adjudging staff will be made up of members of the faculty and local businessmen.

A pep rally will be held at 2:58 Friday afternoon in the boys' gym for the students. Both cheerleading squads will be on hand to announce the winning class in the slogan contest and to spark the students for the big pep rally which will take place at 8 p.m. Friday on the football field.

When the cheers die down from

the pep rally, the crowd will move to the parking area on the south campus to witness the lighting of the bonfire and the burning of the Round Lake effigy.

The football coaches are scheduled to speak at this time along with members of the faculty and alumni.

Following the parade Saturday morning, the Sophomore football team will meet Round Lake at 12:30 p. m. and the varsity game will follow at 2:30.

Hopes are high that the Sequoits will capture their first victory of the season in this all-important Homecoming game.

GRAND FINALE of the week's activities will be a semi-formal dance Saturday evening from 8:30 to 11:30 in the Boys' gymnasium.

The theme of the dance is "Sea

Tales." Music will be provided by the "Top-Hatters."

The highlight of the evening will be the crowning of the king and queen of Homecoming at 10:30. Sue Gorlitz has been chosen by her class as Freshman attendant to the queen, Terri Manzardo will be Sophomore attendant, and Phyllis Kopriva will be Junior attendant.

One of the three following Senior girls will reign as queen of the 1960-61 Homecoming, Dottie Close, Gail Tutein and Joyce Sorenson.

An alumni register will be placed at the entrance of the gym, and alumni guests will be asked to sign it before going in to the dance.

The oldest and youngest registered members of the alumni will be honored during the evening.

DEAR READER News Editorials

Welcome, Antioch High Alumni!

Certainly one of the most important and interesting events of any school or college year is the annual Homecoming and its many activities when alumni and alumnae return to the "campus" to renew old acquaintances, see changes in their school and its staff or just to say "I have returned."

This weekend Antioch Township High School will be welcoming back these "old grads" of some years ago and others of recent classes.

The traditions of this occasion with the bonfire, parade, football game, dance and the like are good gathering places for the alumnus to meet old and new friends.

Those who have not been around Antioch in the last year will see some changes in their old Alma Mater, both as to teaching personnel and in improvements in the building.

These are too many to enumerate in this space, but perhaps one of the more important improvements is the sprinkler system installed that is connected with the school's and the village's fire alarm system!

We say, Welcome Antioch High Alumni!

Enjoy your stay. Take part in the many events on the Homecoming schedule. Visit Antioch's business district with its stores, theaters, banks and the like. Make yourselves at home.

Antioch still boasts of having one of the finest business districts in Lake county. You can find what you need here.

Courthouse Notebook -

BY LOU DURKIN

'Friendly Suit' Over Courthouse

The Lake County courthouse controversy which has been dormant for several weeks swings back onto center stage Monday when Judge William R. Dusher, of Rockford, holds a hearing on a declaratory judgment action brought in Circuit Court by State's Attorney Bruno W. Stanczak.

The suit is a "friendly" action asking that the resolution of the county board of supervisors which transferred title of the courthouse and Courthouse Square to the Lake County Building Commission be nullified.

This is a necessary legal step to establish the legality of the transfer and it is expected that Judge Dusher will deny the petition thereby declaring the transfer legal.

With this legal sanction in his pocket Waukegan Supervisor August Cepon can proceed with his plans to get a new courthouse constructed on the present site.

Of course, Cepon's path won't be an easy one since he will have to contend with individuals and groups who still object to building the courthouse in downtown Waukegan.

Sentimental arguments against construction of a new courthouse on the present site include those of the Daughters of the GAR who don't want to see the Soldiers and Sailors monument moved.

Other groups object to any plan which will eliminate the majestic, towering trees on Courthouse Square, while others feel that the present building is an architectural gem which should be retained.

This latter group may have trouble drumming up support. Parking, which was the big argument against the present location originally is apt to be overlooked in favor of more emotional stands when the program gets closer to fruition.

Most politically-minded people are keeping their sights on the Nov. 8 election, but there are a few who are looking ahead to elections slated for next spring.

The primary interest is on the justice of the peace elections which will be restricted to five J.P. districts under the new judicial act.

Republican precinct committeemen are getting involved in the maneuvering connected with this election and Central Committee Chairman Robert J. Milton has expressed some concern that the justice of the peace battle may grow into unhappy proportions thus distracting the committeemen from the business at hand, namely the election of a full Republican slate.

It is beginning to sound as though the Democratic candidate for County Coroner has picked up the same arguments used against Coroner Robert H. (Mickey) Babcox in the primary.

Moon Mullins, the incumbent coroner's adversary in the primary shed tears for the bereaved because Babcox allegedly delayed inquests and much the same argument is being used today.

The charge, which can easily be countered, didn't hurt Babcox much last spring and it is unlikely to make any impression on the voters on Nov. 8.

Lake County Republicans will be making the Overland Trek to Springfield Saturday to greet Vice President Richard M. Nixon who will be making a major campaign speech in the early evening at the State Fairgrounds.

Matt Skarbeck, of Wauconda, general chairman of the Lake County caravan, expects several hundred Lake County Republicans to make the trek.

One group will assemble at the Lake County Fairgrounds leaving at 8 a.m. to join another group at Volo. A third group will join the cavalcade in the southern part of the county.

Nixon campaign officials anticipate over 100,000 at the barbecue and political hoe down.

Special Rules For Small Car Drivers Listed

Drivers of small automobiles must observe a special set of driving rules, cautioned Matthew C. Sielski, director of the Chicago Motor club's safety and traffic engineering department.

Sielski pointed out that little cars can mingle in traffic with bigger automobiles in relative safety if

their drivers have due regard for the size, weight and speed limitations of their autos, and obey all the rules of the road.

He offered the following safety suggestions to small car drivers:

Don't follow a big car or truck too closely or pass on the right; the low silhouettes of small cars make them more difficult for the drivers of large cars to see.

For the same reason, be careful when pulling away from the curb into traffic.

Never pass another car unless you are sure you have the pickup to make it safely. Many smaller cars have little reserve power left above 50 miles per hour.

Make allowances for the more limited visibility of many small cars.

Make certain your car is readily visible at night.

Avoid sudden or continual lane changes. Do not cut into the safe car length distance between two automobiles.

Sielski stressed that the small automobiles have one thing in common with the bigger cars. "In the long run, it's the driver's skill that keeps them out of accidents," he said.

National NEWSPAPER WEEK

OCTOBER 15-21, 1960

WE ENJOYED a most interesting visit to the community of Bristol, Wis., Sunday morning and early afternoon while taking pictures of the dedication of the new Zion Lutheran church in that community.

Publicity given the event in the Lake Region News and in the Antioch News plus other newspapers around the area apparently helped draw a more than capacity congregation to the new church on U. S. highway 45.

The church is clearly visible from the highway although it is set back several hundred feet.

Its architecture is very striking with a high pitch roof, small windows along the sides but glass along the front. We were particularly impressed by the sanctuary with its altar and its setting.

Unfortunately we didn't get there in time to sit or even stand inside to enjoy the dedication service, along with several hundred people. But we did have an opportunity to photograph the exterior and some of the interior.

It must have been a most happy occasion for those who worked to make the morning, afternoon and evening activities a success.

PERHAPS IT IS a little late in the year to mention such things as a picnic site, or a place for boating, but still with the warm sunny days of recent weeks, we think it is worthwhile.

Not long ago an article was published in the Antioch News telling of what the author said was a need for more public parks on the Chain O' Lakes. The article received some criticism from resort owners.

Our thought for bringing this up

again is that the Chain O' Lakes area has two state parks on it now—one on the west side of Grass Lake and another is about a quarter mile off route 173 on the Fox river.

If you have never visited the park just south of 173 we suggest you do so for there are many trees, picnic and camping places, and two spots where you can launch your boat.

We are not trying to take business away from resort owners but are only pointing up additional places for people to go.

EXPLORER SCOUTS

Explorer Scouts of Troop 80 had a busy Saturday, October 1.

The De Rosa Transportation Lines of 504 E. North Avenue, Libertyville, offered the service of one of their trailer trucks and driver, Art Markus, of Gurnee, to help the Explorers get 28,000 pounds of newspaper they had been collecting for some time to Johns-Manville in Waukegan.

The boys formed a line the length of the trailer and passed the paper from one to the other.

When they were finished the trailer was full to capacity.

Leaders were Herb Meyer, Les Hribar, Bob Hart and Jim Ferrier.

The Explorers were Bob Hart, Les Hribar, Mike Horn, John Burke, Larry Jesse, and Lad Shunneson.

Cub Scouts Richard Hart and Rick Dunbar also helped.

Library News

The Antioch-Township library is displaying much of Antioch's artistic talents in its reading rooms. The Antioch Garden club has furnished many beautiful floral displays during the summer and autumn season which do much to brighten the newly decorated rooms.

The library is also the scene of a series of one-man art shows, and will hang pictures from the brushes of the Antioch Art Guild.

At the present time, Mrs. Claire Gilday, who is president of the group, is displaying some of her paintings.

Visitors to the Art Show held at the Lyons-Ryan Ford showroom in August will remember the portraits and landscapes which Mrs. Gilday has painted.

Almost 100 years ago, February 11, 1861, Abraham Lincoln left his home in Springfield on a journey of almost 2,000 miles. In the brief space of 12 days, more than a million people saw him and many more millions read what he had to say on this inaugural trip to the White House.

Victor Searcher gives a moving account of the Civil War president's trip to "Washington." "Lincoln's Journey to Greatness" was presented to the Antioch Township library in memory of Mrs. Anna J. Kopriwa. The twentieth century has added more tales of heroism and horror to man's history than any previous period.

Leon Uris gave the world the epic story of Israel in the novel "Exodus" which found a vast audience. "Exodus Revisited" is a photographic history of Israel for which Uris wrote the text and Dimirios Harissiadis furnished illuminating pictures.

The early struggles of Zionism and the amazing progress of building and land reclamation are graphically portrayed in this fine history which was given to the library in memory of Otto Klass.

Shown here are some of the models who took part and Mrs. Richard Erickson of Erickson Sewing Center, Antioch. From left, seated, are Mrs. Anton Stanich, Mrs. William Brook, Mrs. Ted Larson; standing, Mrs. Richard Corlucci, Mrs. Ray Lorenz, Jr., Mrs. Michael Keane, Mrs. Erickson, Mrs. Einar Petersen. Urge Motorists To Check Their Driver Licenses

The Chicago Motor club today cautioned Illinois motorists to check their driver license expiration dates, since approximately 2 million state licenses are scheduled for renewal this year.

The club's license bureau reports that some motorists seeking renewals unknowingly bring in licenses which have been invalid for as long as one or two years.

The club points out that forgetfulness is not a legal excuse for driving with an expired license.

If the license has expired for more than 12 months, the driver is required to take a complete examination to qualify for renewal. This includes eye, oral, written and driving tests.

To avoid last minute complications, the motor club advises drivers to take advantage of the law which permits renewals to be made 30 days prior to the expiration date of the license.

Persons 70 years of age or older are required to take a complete examination to qualify for renewal.

When receiving a new driver li-

cense, a motorist should check to see if any driving restrictions have been placed on him. The restrictions are numbered from 1 to 4 on the back of the license and include:

1. Corrective eye lenses; 2. outside rear view mirror; 3. daylight driving only; and 4. other restrictions as indicated.

All restrictions are listed by their numbers in the "code" block on the front of the license. If the number 0 appears within the block, no driving restrictions.

I was glad when they said unto me, Let us go into the house of the Lord.—(Psalm 122:1)

With joy and thankfulness should we enter the house of God...to confess our sins and beseech His mercy...to give thanks for His goodness to us and to ask His continued blessing upon us...to study His teachings and dedicate ourselves to walking in the way He would have us go.

'Face to Face' Funds Campaign Called Success

The "Face to Face" money raising campaign, used last week by Lake-side Girl Scout council leaders and volunteers calling upon their neighbors to tell the hopes and plans for Scouting on behalf of girls in all areas of Lakeview council, was gratifying.

Effective January 1, Girl Scout Councils of Lakeside, Libertyville, Waukegan-North Chicago and Lone troops in Zion and Winthrop Harbor will join hands to form an area council to be known as Lakeview.

The North Lake County Community Chest supports Girl Scouts within the boundaries of its jurisdiction. The newly formed Lakeview Council includes geographical territory not covered by the chest.

In areas not covered by the chest a fund drive had to be conducted to help raise the proportionate share of money that will be needed to carry the Girl Scout program into that area.

All money, whether recently received from the fund drive, or from the chest allocation, will be Girl Scout money.

It will not be used for anything other than to provide real Girl Scouting for the total area of Lakeview council, says Mrs. Martin Vehlows, Gages Lake, public relations chairman for Lakeside council.

Anyone still desiring to contribute to the Fund Drive may send donations to Mrs. W. H. McCleod, who is finance chairman for the Lakeside-Libertyville Fund drive.

Make checks payable to Lakeside Council Community Fund Drive, and send to her at Rt. 4, Box 310, Lake Villa, Ill.

Attendance Increase At Scout Camp Sought

Plans for a 20 per cent increase in Boy Scout camping attendance at Camp Ma-Ka-Ja-Wan will be unveiled before 150 North Shore Area Scout leaders at a kick-off and recognition dinner at 7 p.m. Wednesday, October 19, at the Highland Park recreation center, 1850 Green Bay road.

Featured speaker at the event will be Wes Klusmann, of New Brunswick, N. J., national director of camping for the Boy Scouts of America, who will stress the advantages of troop camping.

The dinner will honor 42 Scout Leaders who accompanied their troops in 1960 to Ma-Ka-Ja-Wan near Antigo, Wis.

The camping committee has set 1,600 boy periods at camp for the North Shore Area as its 1961 goal, a 20 per cent increase over 1960.

Sequoits Play Round Lake Here Saturday

Improved Local Team Loses to Grant Hi 19-6

(Also See Page 1 Story)

Homecoming spirit and perhaps added drive gained from it could power the Antioch high Fighting Sequoits into the 1960 football season victory column as they take on the Round Lake Panthers here Saturday afternoon.

However, it will not be an easy task for Coach Bob Walther's charges despite the better showing ATHS made against Grant high last Friday evening in the Bulldog Homecoming contest.

While the Sequoits were bowing to the Bulldogs 19-6, the Panthers were running over Ela-Vernon 33-0 in Northwest Suburban conference games.

Antioch had a slight advantage in the statistical department against Grant, gaining a 12-9 margin in first downs and finished the contest with a 193-185 advantage in yardage gained.

The Sequoits were ahead in the passing game, gaining 93 yards in 11 completions of 22 attempts, while the Bulldogs completed two for 28 yards. But two of those by Grant went for touchdowns.

This coming weekend with its pep rally and bonfire Friday evening, parade Saturday morning, two football games in the afternoon and an evening dance promises to be a busy one for alumni and the ATHS student body.

Antioch tallied its lone touchdown against the Bulldogs early in the fourth quarter after a 71-yard march in which Lance Keisler went over the final white stripe from 5-yards out.

George Hogan and Chuch Schuth completed six of seven forward passes to help this march.

However, the Sequoits went on the rampage again in the final stanza to reach the Bulldog 2-yard line where time ran out.

Grant tallied its first touchdown in the first quarter on a 10-yard run by Mike Bertolette to end a 48-yard drive.

The third period saw Gary Schlunz score on a 19-yard passing play from Gertolette to Schlunz, climaxing a 69-yard march.

HUNTING NEWS

The crisp, colorful days of fall are turning the thoughts of deer hunters to the hunting trails of northern Wisconsin and northern Michigan, but the smart ones are taking steps now to get ready for the opening of the season, according to Sgt. Jim Wade.

"The smart hunter is the one who has his equipment in shape before he starts his hunting trip," Wade said, "and nothing is so important to the hunter as the correct alignment of his gun sights."

"That's why the shooting range in Waukegan is getting a heavy workout these days as the hunters unlimber their rifles and zero them in on the range in Waukegan," Wade explained.

The Waukegan range on Greenwood avenue at the lakefront was built in 1959 for the Pan-American games held in Chicago in the summer of 1959.

"There are 40 shooting points with targets set at 50 meters, 100 meters, 200 yards and 300 meters to help hunters align their sights," according to the retired Army sergeant and former Army shooting instructor.

The range is operated by the Waukegan International Shooting association which has leased the facilities from the City of Waukegan.

An important part of the association's program is a junior shooting program in which youngsters between the ages of 10 and 18 are taught the proper handling of firearms and are given shooting instructions by qualified instructors attached to the range.

Central Frosh Seek 2nd Win

PADDOCK LAKE, Wis.—The Salem Central high freshman football team will face undefeated Lincoln junior high of Kenosha at 4 p.m. Thursday in the Lakefront stadium, Kenosha, to try and win Central's second game of 1960.

The Central Frosh edged McKinley of Kenosha 7-6 late last week with a 55-yard drive in the end zone and Birchall ran the extra point.

McKinley tallied early in the game when Bob Truax skittered end on a double reverse for 40 yards and a touchdown.

Central coach Emroy Hiese had praise for tackle Pete Henry and centerguard Mike Erdlen of the Frosh Falcons.

In the other junior high conference game late last week Lincoln edged the league's defending champion Washington of Kenosha 13-7.

ANTIOCH SCORES! This photograph taken during the Antioch High-Grant High football game Saturday evening on the Grant field shows Lance Keisler (bending over with ball at right center) scoring the only touchdown of the game for the Fighting Sequoits. This came early in the fourth quarter after a 71-yard drive, with Keisler going over standing up from the 5 through a big hole in the Grant forward wall. The goal line is just in front of him as he piled through. The game's umpire is in the striped shirt. Antioch lost the Northwest Suburban conference contest 19-6, a homecoming game for Grant High alumni.

Falcons Brace for a Tough Contest; Panthers Play Whitewater Friday

PADDOCK LAKE, Wis.—Coach Roger Terry's Salem Central High Falcons, fresh from a 26 to 0 whitewash of the Clinton 11, are bracing for the toughest game of the current season.

The Falcons Friday take to the field against Waterford there, a tough team that sports a 4-1 season record.

"Their backs run a mile a minute," Terry said grimly. "If we can get past this outfit, we're all right."

Big guns on the rough Waterford squad are a pair of brothers—Joe and Oscar Benavides, both in the backfield.

Coach Terry was pleased with his decision last week to switch Andy Aguero from halfback to the quarterback spot. Aguero's first move in the Clinton game was to toss a 35-yard pass to Rick Varvil for a touchdown.

In other scoring activity, Bush snagged a pass and ran 31 yards to the 1-yard line, with Grumbeck taking the ball over for the TD.

Bush caught another heave from Aguero and ran 20 yards for another score, and Halbach passed to Bush for another touchdown play that covered 25 yards.

Jim Urban was out of action last week because of a virus infection and the coach wasn't sure whether he would be back in the lineup Friday.

Statistics in the Clinton game included yardage of 193 yards for Central, 131 for Clinton; 10 first downs for Central, 7 for Clinton; 2 fumbles, both recovered, by Central; 1 fumble, recovered, by Clinton; 7 passes, 4 completed, by Central; 5 passes, 1 completed, by Clinton.

tano, r.g.; Rhodes, r.t.; Hofer, r.e.; Aguero, q.b.; Schultz and Bush, h.b.; Grumbeck, I.b.

WILMOT, Wis.—The "Big One" is coming up for Coach Frank Buccell's Panther 11, which knocked off Mukwonago 18-7 last week.

The Panthers face Whitewater in a 7:30 p.m. home game Friday that Buccell rates as the toughest encounter of the year.

"I'd say Whitewater has the best team in the league," Buccell said. "They run a rough single wing offense and they have two outstanding boys in halfback John Kincaid and quarterback Rod Dalee."

Buccell plans one change in the lineup Friday, which will see Fred Koehnke going in as defensive guard.

In last week's game, the Panthers came from behind in the second half to win.

Wilmot jumped off to a 6-0 lead in the first period, when a blocked punt gave them the ball on the Mukwonago 25, and Greg Bush carried the ball over from the 4 for a touchdown.

Mukwonago came back in the second half on a 26-yard pass play and ran the extra point.

Wilmot scored in the third period after recovering a fumble and driving to the 3 yard line where Bush toted the ball to paydirt. Dennis Hanke scored the final TD in the fourth quarter from the 8-yard line.

The Panthers racked up 13 first downs compared to Mukwonago's 6; gained 205 yards compared to 137; attempted 10 passes and completed 3, compared to a-9 and 5 ratio for Mukwonago.

Visiting Mooseheart were Gertrude Good, Jerri Polson, Erna Toft, Gladys Schroeder, Pat Hatfield, Pearl Anderson, Mae Palmer, Mildred Gillum, Harriet Grewe, Loretta Smith, Hazel Baysinger, Jane Verkest, Rose Rodell, Vi Pfeiffer and Almeta Schroeder.

They were taken on a conducted tour of the famed Moose City of Children, which is located 37 miles west of Chicago.

They were given an opportunity to view first hand the facilities which provide care, training and education for the more than 800 boys and girls who have lost one or both of their parents.

The group took a special interest in the unusual House of God with its Catholic and Protestant chapels, the Pennsylvania Baby village and the three newest buildings on the 1,109-acre campus.

They are the supreme Lodge administration building, which houses the international headquarters of the Moose fraternity, and the two newest residence halls, the Pennsylvania-Davis and new California buildings.

The new Moose Museum of History is also located in the Pennsylvania-Davis building.

There are no dormitories or central dining halls at Mooseheart. A small number of children live in each of the homes which have their own bedrooms, dining room, kitchen and recreation room.

A housemother, a cook and in some cases a housefather, are assigned to each hall and make every effort to provide home-like surroundings for the children.

Lindenhurst Junior Police Club Has 90 Boys, Ages From 7 to 14

By Mrs. Bernice Bernau

LINDENHURST—Ninety boys, ranging in age from seven to 14, are members of the Lindenhurst Junior Police Club.

Police Magistrate Ray Caldwell has read the Junior Police Club pledge to the boys and then had them raise their right hand and repeat the pledge:

On my honor—

I will always honor, and respect and obey my parents or guardians.

I will always be faithful to my religious duties.

I will always respect the laws of the village, state and nation.

I will always conduct myself in a manner that will reflect credit to the Junior Police Club.

I will always be ready to assist those in trouble who need help.

I will always, by proper conduct and example, help to lead boys to do what is right.

I will be faithful and attend all meetings of the Junior Police if within my power to do so.

I will always be regular in attendance at school and do my best to receive a proper education.

I will respect the rights and properties of others.

I will not aid any person by withholding any information important to the law. I will not give false reports to my superior officers.

By breaking any of the above pledges I have sworn to, I may lose my appointment as a member of the Junior Police.

sen have been appointed temporary leaders for group G.

An agent from the F.B.I. will be at the October 18 or November 1 meeting. He will show a film, that should be interesting to the boys.

Boys are warned that if they miss three meetings in a row, they no longer would be regarded as members. Also, if they didn't behave themselves at meetings or when bowling or on trips, they would lose out.

Members of the board of directors for the club are Fred Beller, chief; Warren Frontzak, captain; Mike Fildanz, lieutenant; Frank Calderone, sergeant; Ron Coles, juvenile officer; and officers Bob Streicher, Harold Murawski, Russ Bethley and Chuck Pawlowski; Ray Caldwell, police magistrate, and Ted Flanagan who works with boys' groups.

The boys have \$1.85 in their treasury, that was donated by five of the boys last August when the club was first organized. The boys sold refreshments and donated their profits.

Their next meeting will be at 7 p.m. Tuesday, October 18, at the Men's club on Grand avenue.

Firemen Enjoy 'Hit the Barrel'

Firemen from Trevor and Silver Lake, Wis., joined Antioch smoke eaters in a "game" of "hit the barrel" Sunday afternoon on Broadway in Antioch near the fire station.

Silver Lake firefighters brought with them their new 750 gallon pumper which was hooked up to a hydrant underneath Antioch's water tower to furnish 125 or 150 pounds pressure for two hose lines.

These hose lines each manned by a team of four firemen were used to push with their streams of water a barrel between two parallel "fences". The idea was for one team to push the barrel beyond the other quartet.

A good sized crowd was on hand to watch the fun.

"Sequoia News"

By Billie Bergmark
Various staffs of the Sequoia are on the job again under the direction of the co-editors, Nancy Cribb and Dianne Jaros, and their staff editors, with the supervision of Lawrence Eggleston.

The staff editors are Daniel Conrad on layout, Sharon Langbein on photo, Dee Stillson on literary and Brian Hay as business manager.

September 22, the first meeting was held, inviting all who were interested in joining the various staffs of the Sequoia.

Senior pictures were taken October 3 through 6 by the Root photographers studio of Chicago. Proofs will be returned approximately in seven days.

The seniors, then, have seven days in which to decide what they want to order. They are requested to pay half the balance due when they order their pictures.

These individual pictures will be used in the Sequoia.

The photo staff will be looking for interesting and exciting pictures of the Homecoming weekend. The bonfire will be October 4., followed by a sock-hop in the boys gym.

October 5, the parade will begin at 10:30 a.m. Pictures of the winning floats will be taken and placed in the Sequoia to mark one of the many eventful weekends of the year.

The photo staff will be on hand to catch all the excitement on the field and in the crowd.

At 8:30 the dance begins. To add a final touch to a perfect day, the queen of the homecoming is crowned. There will be dancing until 11:30.

Schadeberg Is Backed By Ex-Demo Candidate

KENOSHA—The Schadeberg for Congress committee received a shot in the arm this week when Erling Johnson, who ran for congress on the Democratic ticket in 1954 and 1956, volunteered himself and 1200 independent and Democratic workers in an all out effort to elect Henry C. Schadeberg to congress.

Johnson in making his offer said he had nothing but praise for "this dedicated Republican candidate" and had nothing but distrust and contempt for the opponent.

Johnson is contacting all of his workers from the 1954 and '56 campaigns and said better than 95 per cent of them wish to aid Schadeberg.
